SUMMER SOLSTICE PATTERN STUDENT HANDOUT ... Page 1 of 2
Finished Size – 60 X 60

WORKSHOP #1

No sewing machines needed at the First Workshop.

Please arrive with your fabrics selected and purchased. To keep you organized glue a small swatch of each fabric onto your Fabric Chart found on page 6, 12 and 15 of your instructions.

Depending on the look you want ... the center of the Summer Solstice can be created with 2 different fabrics or 1 fabric. I am happy to help you with fabric selection and answer any questions you have; feel free to call me.

Please Prep your papers NP455 (2), NP456 (2) and TP272 (1) before coming to the first Workshop. To prep the papers review General Information for Foundation Papers and Templates on page 2. You will cut the (2) Strip Piecing Template SP on the TP272 paper, cut them on the outside line of the shape. The remaining items on the TP272 can remain intact.

The NP455 and NP456 have 2 large diamonds on each paper. You will need to cut the diamond out 1/8 inch from the OUTSIDE line only. DO NOT cut on any interior lines at this time. Once your cutting is completed you will have 8 Diamonds. Please bring all papers to the first Workshop.

*If you have an extra rotary cutter with an old blade ... it can be used to cut the Newsprint papers.

Please bring the items on this Supply List to the first Workshop.

Workshop #1 ... we will begin with the Lone Star Strip Pieced Center of the Quilt.

If you have any questions, you can email me at: gracealonelq@gmail.com or call my house phone 1.586.294.6547.
